Dear Ms. Clemons and Ms. Paukowits:

With this letter, the California Department of Transportation (Caltrans) transmits Administrative Modification No. 12 to the Rural non-Metropolitan Planning Organization area portion of the California 2017 Federal Statewide Transportation Improvement Program (FSTIP). This modification increases the programming capacity in the amount of \$190,000. The financial plan will be updated to reflect this change in the next FSTIP amendment.

Administrative Modification #12 modifies the programming of a Grouped Project Listing for Training and Research and revises the detailed listing of projects to include new projects awarded under the federal Strategic Highway Research Program 2 (SHRP 2) and State Transportation Innovation Council (STIC) Incentive Program.

These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2017 FSTIP. Please note that the approval of this modification does not constitute an eligibility determination of projects for federal funding.

If you have any questions or comments regarding this modification, please contact Lilibeth Green of my staff, at (916) 654-3521.
